LED Lifespan	100,000 hours
Max Range	500m
Impact Resistance	A drop from 1 meter
Water Resistance	IPX6
Run Time	4-6 Hrs from fully charged

BENEFITS AND FEATURES

Here are some cool features and ways to use your new Tactical Flashlight:

- ❖ Light Mode: 5 modes; 3 conventional lighting modes-High, Medium, Low, and 2 other modes, strobe and SOS
- ❖ Ability to zoom out and zoom in from a wide dispersion to a narrow beam
- ❖ Water resistant; Hunting, hiking, camping, and fishing
- ❖ Great for locating small items that have been dropped and are hard to see
- ❖ During a power outage or when you are outside at night
- ❖ Around the house or workshop or on the jobsite
- ❖ For self-defense:
 - Helps identify threats; attackers often use the cover of darkness as an advantage. Simply shining a light on a bad guy can be enough to get him to take off; and, shining a light directly in his eyes will cause three to four seconds of disorientation and semi-blindness, giving you time to get away
 - An effective striking device during an attack
- ❖ Two power sources: Rechargeable 18650 3000mAh Li-ion 3.7 Volt Battery (The Li-ion battery and the Multifunction Universal Charger are both included) or you can also use 3 AAA batteries (these are not included).
- ❖ Li-ion Battery can be recharged up to 500 times.
- ❖ Military Grade, reliable, outstanding performance, and chic
- ❖ Bonus Item-Enjoy the FREE case to store and transport your Tactical Flashlight and accessories.
 - i) On the boat
 - ii) In the car
 - iii) In the workshop
 - iv) Wherever you need it

LEAVE US A REVIEW

We welcome you to post a product review on the Amazon Market Place. We know your time is valuable, so we thank you for sharing your thoughts in the form of a review.

1. Log into your Amazon account and go to “Your Account” then Click “Your Orders”
2. Find our product, and select “Write a Product Review”

REGISTER YOUR WARRANTY

We strive to provide high quality products with great customer satisfaction, and we hope to serve you again. However, we realize that perfection is not achievable, so please register your warranty at:

HOW TO USE YOUR LED TACTICAL FLASHLIGHT:

1. Unscrew the end of flashlight and take out the battery holder from the flashlight cavity.
2. Insert the included 18650 Li-ion 3.7 Volt Battery into the battery holder and then insert directly into the flashlight cavity. Or insert 3 AAA batteries (these are not included) into the battery holder and then insert holder into the flashlight cavity.
3. Screw on the end part tightly and click the tail button to start lighting.
4. The light turns on with one click. Repeated gentle presses of the button will cycle through the five lighting modes. (High-Medium-Low-Strobe-SOS)
5. Ability to zoom out and zoom in from a wide dispersion to a narrow beam by turning the head of the flashlight.
6. To turn the flashlight off, press the tail button firmly until you hear a click and it turns off.
7. The flashlight will default to the brightest mode each time you turn it on.

BATTERY CHARGER INSTRUCTIONS:

1. This Multifunction Universal Charger can charge 18650/14500 and 26650 Li-ion Battery.
2. When installing the battery, carefully notice the direction of positive and negative poles.
3. Damage could result to the circuit board due to incorrect battery installation.
4. When the charger is plugged into a standard electrical outlet, the red color indicates charging in progress.
5. Green light indicates fully-charged battery.
6. Switch off electrical power after fully charged and take out the battery to maximize life.

Package Contents:

1×Tactical Flashlight	1×18650 Battery	1×Multi Universal Charger	1×Dry Battery Holder	1×Plastic Sleeve to hold Li-ion Battery	1×Hand Strap	Bonus 1×Case
